Congratulations on your choice of a National Poly Industries Tank

DELIVERY REQUIREMENTS

Prepare Access for Delivery:

Please note that our truck and trailer is big – 5m (16'6") tall, 3m (10') wide, 18m (60') long or truck only, 9m (30') long – and needs a lot of clear access. Please check gates, roads, roundabouts, crossings, power lines and overhanging trees on your property so that we can deliver your tank without damage (access permitting). If delivery cannot be made to your site – other hire and crane equipment is at purchaser's expense.

All Delivery Sites (man power required):

Our driver will need help to unload your tank from the truck/trailer. Please ensure persons are available to assist at time of delivery. **If assistance cannot be provided then hire or use of any equipment is at purchaser's expense.** i.e crane hire, 4wd tractor hire, backhoe hire, frontend loader hire etc.

Slimline 660 & 1100 gallon	3 people
2,200 – 3,200 gallon	3 people
5,000 – 5,400 gallon	4 people
7,200 – 8,200 gallon	5 people

All Other Tank Sizes Require 2 people

Plumbing fittings for you to decide on:

Please ensure you have advised of outlet size and position in relation to strainer; e.g. strainer at 12o'clock, outlet and overflow at other positions on the clockface. Please advise if you need any extra fittings or gate valves. We supply and fit prior to delivery a brass outlet, strainer and overflow & supply a gate valve or locking lever tap. Extra fittings are available on request. All other plumbing work to and away from the tank are the responsibility of the purchaser.

When your tank arrives:

Secure Your Tank

Storage of tanks prior to installation should be with webbing or rope. Chains and cables should not be used. Alternatively, fill the tank with 100mm (4") of water.

If you have any doubts about your installation please call us.
