

## Who is the NPI Group?

National Poly Industries & Clark Tanks are 100% Australian owned and has been making water tanks and associated products for over 20 years. National Poly & Clark Tanks has been making polyethylene water tanks for over 15 years. As one of the first poly tank manufacturers, National Poly is dedicated to being a leader in the market.

With a wide range of round water storage tanks from 1000L to 50,000L, slimline tanks and underground tanks, we can suit almost any application.

We also offer an extensive range of poly products including troughs, silos, bins and directional road barriers for different markets.

Our extensive expertise comes from over 100 years combined experience and two state of the art manufacturing facilities.

National Poly Industries is also a major participant in the recreational marine market with the **Polycraft** range of boats from 3m to 6m – see [www.polycraft.com.au](http://www.polycraft.com.au)
